

**KREMA** Innenausbau

**Your specialist for unusual work!**  
**Planning – project development – tendering**  
**– monitoring!**

We are specialists for high-value individual interior construction, offering coordination of all tasks in renovation or conversion of properties as project coordinators to real estate owners.

We offer measurements with data transfer to the CAD and visualisation for customer presentation and discussion via TeamViewer from any location.

We will take care of planning, project development and monitoring of all required trades.

Your advantage as a real estate holder/owner!

You will have a single competent direct contact throughout the time of construction. Your contact will reliably implement any requirements you have, no matter how challenging or unusual they may be.

### **Our services**

As specialists for interior construction and conversion of your property, we put even your most unusual wishes into practice. We achieve this with creativity, and a willingness to develop individual solutions and to set out on new, previously unknown paths.

**KREMA** Group

**KREMA Group** is a service provider combining the core competences from the four areas of yacht service, marine systems, interior design and interior construction.

With several decades of experience in traditional crafts, we offer reliable and timely solutions with state-of-the-art technology and high-quality materials.

**Let us convince you of our concept and implementation!**
